## Chapter 3 Values - What would you do?

Question	Y / N	Why?
Would you call out sick to work if a big party was planned for the same time?		
If you made a sports team at NP, would you go on a ski trip/vacation during the season?		
If someone is being bullied / picked on, would you intervene?		
If your team colors are blue and white and you had a "lucky" wristband that was red, would you wear it?		
If you were not happy with your role on a team, would you quit?		
If you had a research paper due the following day, would you ask to skip practice to finish it?		
If you found a wallet with identification and money in it, would you take it?		
(boys) If your coach said to cut your hair, would you? (girls) Would you practice / play a game on the same day as the senior prom?		
If you had games scheduled during "senior week", would you return from the shore to play those games?
